The program is also for those who wish to rediscover the Catholic faith.

RESEARCH SURVEY

We have been asked to participate in a survey from NYIT College of Osteopathic Medicine at Arkansas State University. The research is directed at the comfort levels of the general population with different physical examination techniques commonly used during a doctor’s visit. The students hope is to assess and quantify comfort levels in order to provide the medical community with insight that will enable them to be more empathetic and competent providers.

The survey is completely anonymous and should only take about 5-10 minutes to complete. Copies of the survey are available in the Blessed Sacrament Church office, 1107 East Highland.
